INDIANAPOLIS, Dec. 28 .- The government with stern, decisive swiftness today took into possession thirty-eight union labor officials, convicted of conspiracy in prompting explosions on non-union work through out the land, aiding the destruction which brought the loss of life at Los Angeles and carrying on a "reign of terror," declared to be unparalleled in the history of the country.

Almost the entire executive staff of the International Association of Bridge, structural and Iron Workers was convicted. Only two officials of that union now remain out of jail. At the head of the list of those convicted stands Frank M. Ryan, the president. It was in this Union, with its twelve thousand members, that John J. McNamara was Secretary-Treasurer, while he conducted the dynamitings out of which the present convictions grew.

Thirty-nine and a half years is the maximum punishment for any one prisoner in this case. It may vary from the maximum to any shorter imprisonment or fine the court wishes to impose.

Motions and appeals will be made Monday. Senator Kern, now in Washington and William Harding, another attorney for the defense, stated motions in behalf of all the men will be offered. District Attorney Miller said he would oppose phia. any appeals for light sentences in the cases of certain prisoners. Tonight the prisoners, four in each cell, occupy two tiers of cells in the Marion county jail. The prisoners were handcuffed after the courtroom was cleared of spectators, and beteween deputy marshalls, marched five blocks through the streets in the brilliant winter sunlight to the county jail. An hour after their arrival they were served the regular noonday meal, a half loaf of bread, tin of coffee, beef and cabbage. The prisoners, visible one to another through the bars were variously downcast and cheerful. Some professed to take the verdict in light spirits, while disappointment was plainly written on the countenances of others.

Extra guards were placed about the jail to prevent a demonstration by crowds. Wives and children of the prisoners were ordered with other spectators out of the court room where some wept when the verdict It was a scene blended with tragedy was rendered and attempted to climb that confronted those who week the railing separating them from after week sat through the historic their husbands.
